

One Blue Hill Plaza, 16th Floor, PO Box 1546 Pearl River, NY 10965 1-800-PC-AMERICA, 1-800-722-6374 (Voice) 845-920-0800 (Fax) 845-920-0880

# Customer Loyalty - Detailed

#### Overview

Customer Loyalty is great way to get repeat customers and increase sales. By offering your customer incentives to shop in your store, they will have a more enjoyable and rewarding shopping experience.

Customer Loyalty in CRE is used in conjunction with the Customer Maintenance screen and Bonus Points. In order to set up a loyalty plan you will need to do the following:

• A customer with an open account must be setup in Customer Maintenance.

see: <u>Creating a Customer</u>

• We will then create a loyalty incentive (the bonus you give the customer when they achieve a certain goal).

see: <u>Configuring a Loyalty Incentive</u>

• We will then create a loyalty plan (the bonus you give the customer when they achieve a certain goal).

see: <u>Configuring a Loyalty Plan</u>

• We will then add the incentive to a plan (similar to adding modifiers to a modifier group).

see: Adding a Loyalty Incentive to a Loyalty Plan

• We will then add the loyalty plan to the customer it will apply to (adding the modifier group to the standard item).

see: Associating a Loyalty Plan to a Customer

• We can then set some other options:

Setting a Default Loyalty Plan

Assigning Bonus Points to Individual Items

Make Bonus Points Correspond to Dollars Spent

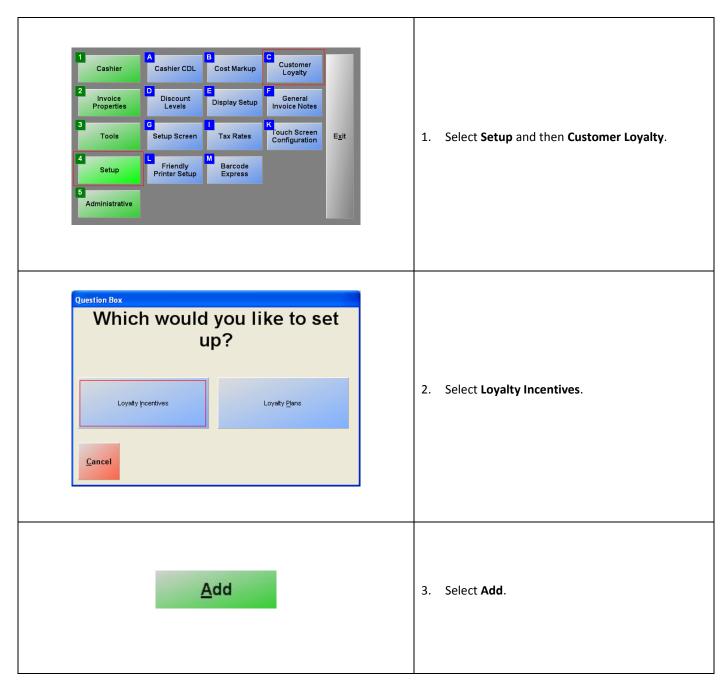

Using Customer Loyalty Including Selecting a Customer for the Invoice

### Make Bonus Points Correspond to Dollars Spent

### Using Customer Loyalty Including Selecting a Customer for an Invoice

In this example we have created two loyalty incentives (one that will be triggered after 10 bonus points have been achieved and the other at 20 points) which will prompt when they are achieved.

Selecting a customer when creating invoices is necessary for loyalty plans to work. You can do this from the invoicing screen of either CRE or RPE.
